Dear Mary Ann Kane

No doubt when you get this letter you will wonder where have I been all these years and what make me write now but to be honest I have it on my conscience I never did reply to your letters I really enjoyed meeting Joe Ann & Michael I hope they are all doing well and I expect are probably rearing children of their own I hope you are in good health yourself and your husband and all your family strange to say I had a visit from two girls last December but it was a very hurried call they were on their way to Shona airport to get their plane home

My Father's sister Anne Ahern was their Great-Great Grandmother

one girl was Linda KANE 2572 MANOR CT Orange Park Florida 32073

The other girl was Donna VAN TORK P.O. Box 865 DWIGMANS Ferry PA 13228

They had a picture of my Grandmother who would have my Father's mother so it put me thinking back of all the relatives I have in USA

I have a letter I recd in August 1988 from Mary Pat Gregerson who lived in

5235 N. 96th St Omaha Nebraska 68134 Maybe I told you this long years ago when I

wrote to you I'm really sorry for not writing to you all those years but so many changes took place in my life it changed I have only one brother living now his wife passed away in February he has four sons and four daughters all married but they all come home and stayed with their mother night & day for the last three weeks of her life it was a great consolation to her I had

I have a Grand Nephew Daniel Farrell and would you believe he has been in Arizona for the past six months I don't know where he is working with Computers I think this now is Intel he is back here in Ireland now but I haven't seen him but his mother told me the weather was extremely warm, I think a bit too much for him

Now I can't think of any more to say now only I hope all is well with you and all your family your husband included I'm not good at writing letters I'll be 90 years next May and have slowed up quite a bit I have a cousin who 98 she has gone into a nursing home for the past few months but she had all her faculties up to this year her mother was a sister to my father

So for now I'll finish saying it took me so long

Love & best wishes

Fatie Farrell
